

Marcia is an experienced insurance professional with over 20 years in the industry. She has been with TD Insurance since 2004 and her current role is Associate Vice-President, Underwriting. She has successfully led many high-performing sales and underwriting teams during her career. She is well-respected by her colleagues for delivering key results. Marcia is a visible leader who understands the importance of colleague engagement.

She holds her CIP designation, is detail-oriented and has a strong understanding of regulatory and compliance requirements. Marcia has been instrumental at developing and supporting a risk-based culture at TD and creates a strong governance structure in her teams. She played an instrumental role in developing several monitoring programs within TD Insurance.

Marcia has mentored many colleagues during her career and plays an active role in mentoring and sponsorship of career development. She was nominated for Ascend Canada's Manulife Mentor of the Year Award for her phenomenal leadership skills, leading by example and for highlighting the importance of investing in personal development.

Marcia strongly advocates to bring awareness and visibility to minorities in the workplace. She recently hosted a Ted Talk on environmentalism and its' impact on the black community.
